## WASHINGTON LETTER.

The Silver Fight as Seen, by one on the Scene of Battle.  
(Our Washington Correspondence.)

WASHINGTON, April 23, 1890.

Conference after conference, caucuses after caucuses, and yet no result so far of a satisfactory nature to the cause of silver.

The people want free and unlimited coinage of silver as well as gold; the members of both House and Senate seem to waver and their vacillating actions are injuring our just cause.

The President, they say, will veto any bill which has free coinage of silver in it or which has anything in any other shape that will lead eventually to free coinage. I do not agree with them on that point. In my opinion there was never a time so propitious for free coinage of silver as now, and so far as Harrison is concerned, I believe he would not dare to veto a free coinage bill. One trouble is that the silver men are not a unit in their actions. The fault to-day is not so much with the opposition for that number of members in both Houses is getting smaller by degrees. The voice of the people is heard throughout the land and the clear sounds of silver are now getting louder and louder every day, but somehow our friends seem to be afraid of their own shadows.

Secretary Windom has yielded to the demands of the House Committee on Coinage, and the action which gave him discretionary power to stop the purchase of silver whenever in his opinion the market for silver was cornered or the prices fictitious, was stricken out.

The Senate was less courteous to the Secretary, and when his bill came before the Committee on Finance they rather unceremoniously struck out everything after the enacting clause and inserted their own bill as an amendment. Of course the Secretary was anything but pleased with such a proceeding and the Cabinet of the President sympathized with the Secretary of the Treasury. The President especially seemed to consider that action as an opposition to an administration measure. Quietly the friends of Harrison and Windom went to work and by hints here and there got the House Committee on Coinage down on the Senate bill; seven of its members expressed their opinion that when the Senate bill comes from the Senate to the House that they would retaliate and strike out everything after the enacting clause and insert Windom's bill as it came from the Senate to their Finance Committee. At first some of the Senators looked upon it as a joke and thought to return the compliment, and as soon as the House bill was passed and sent to the Senate to strike out everything after the enacting clause and insert the Senate bill as reported by our true friend of silver, the Hon. Senator John P. Jones, of Nevada. Wiser heads rather advised a compromise before either of the bills came up for action. Conferences were called but the House seemed to insist on their bill and a back down on the part of the Finance Committee of the Senate. Caucuses of both parties were held and yet no result towards a reconciliation.

To your correspondent's mind the only way to break this dead-lock is to bring in a new bill in both House and Senate and let that bill be an out bill for the free and unlimited coinage. Let the friends of silver rely on the good sense of the people, boldly tackle the bull by the horns and with a twist and a pull wrench off the horns of the dilemma between which they now stand shaking and trembling, knowing not what to do or how to do it what they have already begun.

Senator Stewart, of Nevada, brought in a bill for free coinage in December last; it is a good bill, fills the wants and is all that can be desired; but in presenting his bill he asked that it be referred to the Finance Committee. Nobody was more surprised at his action than your correspondent, and calling on the Senator I asked him how he came to refer a free coinage bill to that committee, knowing as he did, that with the exception of Senator Jones, of Nevada, that body was decidedly opposed to free coinage and would never allow his bill to be referred back for action to the Senate. He answered me that he knew all about that and that he did it with a certain purpose in view, and intent to put that committee and the majority of its members as well as the Republican party on record. Considering that Senator Stewart claims to be a Republican I could not well see a justification for his queer action, especially as he made the same excuse to me in October, 1888, when he brought in his free coinage bill No. 3,610 during sessions of the Fifty-third Congress and had it referred to that committee. At that time I admit it mattered but little, for President Cleveland was in the chair, and the chances to pass such a bill high to impossible; but now after he himself has put that silver plank into the Republican platform in Chicago, to consign his bill to that mausoleum of free coinage bills in the Finance Committee is beyond comprehension, and the friends of silver are getting somewhat displeased with Senator Stewart's proceeding; some say that he was not sincere and did not wish to have any action to be taken on it or he would have asked to have his bill laid upon the table and take it up and discuss it at any time, especially knowing as he did, the feeling of the majority of that committee; others say that the Senator is getting back to his old love, "greenbackism," or as he himself calls it, "cheap money," and plenty of it. Be it as it may, the cause of silver has suffered by it materially, but above all his State of Nevada.

## THE U. S. MINT REPORT.

## THE ANNUAL REPORT OF THE SOUTHERN PACIFIC RAILROAD.

## Spotted Fever in Tennessee—The Sutro Tunnel Lawsuit—Lands for Reservoirs.

## U. S. Mint Report.

Special to the JOURNAL.

WASHINGTON, April 28.—Director of the Mint Leach has submitted his report to Congress. The gold product of the United States is estimated at \$32,800,000 against \$32,000,000 last year, and the silver produce \$46,750,000 against \$42,020,000. Twenty-seven million, one hundred and twenty-five thousand, three hundred and seventeen ounces of silver were purchased for coinage at the average cost of .9356 cents per ounce. The total metallic stock of the United States, January 1, 1890, was \$1,127,663,631; product of California \$14,084,000, of which \$13,000,000 is gold.

In addition to the silver product of our mines about 7,000,000 ounces of silver is extracted from lead ores imported into the United States and smelted in this country, and over 5,000,000 ounces from base silver bars, imported principally from Mexico making the total product of our mines, smelters and refineries at about 62,000,000 fine ounces of silver. Colorado still maintains first rank among the producing States with an aggregate product of gold and silver of over \$24,000,000. Montana stands next Utah shows a largely increased product, notably in silver. Idaho and New Mexico report an increased product and Arizona and Nevada a reduced product for 1889.

## The Sutro Tunnel Lawsuit.

Special to the JOURNAL.

CARSON, Nev., April 28.—The answer of the defendants in the cause of Frank J. Symmes and others against the Union Trust Company, of New York, was filed to-day. The defendants admit that any demand upon the Trustees of the Sutro Tunnel Co. to institute action in the name of that company to accomplish the objects sought to be secured by the bill of complaint filed in the case would be fruitless, as all acts complained of were done by the Trustees in good faith. The history of the settlement of the Sutro Tunnel Company's affairs is then given in detail corroborating statements and charges which are made by plaintiffs. The assertion that the complaints did, in fact, as set out in the complaint, to all acts of which they now complain, and that they subscribed for bonds issued in the new company, their action is said to be in bad faith and the result of conspiracy.

The answer states that the widest publicity was given to the plan and that this plan was the only method by which the foreclosure in the sole interest of the McCalmont could be prevented. It further states that the trustees of the Sutro Tunnel Company and syndicate, as well as Theodore Sutro, acted in utmost good faith in the matter. All charges of an attempt to defraud any stockholder or take an unfair advantage are specifically denied. It further states that the three plaintiffs are the only stockholders who have raised any objection to the course pursued, and that they have not shown themselves entitled to any relief whatever and that they, in fact, assented to the plans.

Edmund Tanzeley, of San Francisco, and W. E. F. Deal, of Virginia, are solicitors for the defendants, and Pillsbury & Blanding, also of San Francisco, and Wheeler H. Peckham, of New York, are of counsel.

## House Business.

Special to the JOURNAL.

WASHINGTON, April 28.—The Speaker to-day laid before the House the message of the President returning without approval the bill to allow Ogden, Utah, to increase its indebtedness. Referred to the Committee on Territories.

The Legislative Executive and Judicial Appropriation bill passed without division.

The House then went into Committee of the Whole on bills relating to the District of Columbia.

The House Committee on Public Lands has directed a favorable report on Senate bill to provide for the acquisition of land for town sites and commercial purposes in Alaska.

The pending bill was for the establishment of Rock Creek Park. The bill was defeated. Hemphill (S. C.) moved for a reconsideration.

## Fatally Struck by a Woman.

Special to the JOURNAL.

NAPA, April 28.—After a drunken quarrel at Rutherford Sunday night Mrs. Maggie Merkle stabbed Joseph Von Weil, killing him almost instantly.

## Not Making Much Progress.

Special to the JOURNAL.

WASHINGTON, April 28.—The Senate Republican Silver Committee was in session two hours this afternoon, but made no apparent substantial progress.

## The Exclusion Law Retards Justice.

Special to the JOURNAL.

St. Louis, April 28.—The Chinese Restriction law blocks the wheels of justice here in a peculiar manner. William Mullin and William Pinkerton are jointly charged with having, in October, 1888, murdered Ah Jim, a Chinaman. The case is almost conclusive against them, but they cannot be convicted without the evidence of one Ah Quong, who returned to China shortly after the murder and was married. He returned to this country, landing at San Francisco, but the custom's officers would not allow Ah Quong's wife to land, and he insists upon returning to China with her. The prosecuting attorney will try to get the woman in, so as to secure her husband's testimony.

## The Southern Pacific Report.

Special to the JOURNAL.

SAN FRANCISCO, April 28.—The Southern Pacific annual report was issued to-day. Total mileage, 6,052,407, increase 120 miles. The gross earnings were \$46,343,207; operating expenses, \$30,304,305; total liabilities of the road are \$385,420,037, of which \$261,907,867 is capital stock and \$114,512,169 funded debt outstanding. The total assets are \$408,857,073, of which \$282,828,042 represents construction and equipment account. There was a deficit of \$293,472 this year against surplus of \$1,379,483 last year.

## Lands for Reservoirs.

Special to the JOURNAL.

WASHINGTON, April 28.—Senator Plumb reported from the Committee on Public Lands to-day with amendments the bill authorizing the President to cause certain lands withdrawn from the market for reservoir purposes to be restored to the public domain under the homestead law. The bill, as amended, provides that where any lands have been sold or disposed of by the Government title shall be confirmed, but the lands remain subject to the right of the United States to construct and maintain dams for the purpose of creating reservoirs in and of irrigation.

## Grant's Monument.

Special to the JOURNAL.

NEW YORK, April 28.—In compliance with the order of Commander Floyd Clarkson of the Department of New York, G. A. R., the veterans of the Grand Army yesterday took up subscriptions for the erection of a monument to mark the grave of General Grant at Riverside. The veterans are thoroughly disgusted with nabobs of the State, who made themselves conspicuous by organizing committees, soon after Grant's death, to raise funds for a monument to the old commander, but who have done nothing since, except to affix their signatures to appeals for money.

## Inducements for a Competing Railroad.

Special to the JOURNAL.

SAN FRANCISCO, April 28.—An evening paper publishes the statement by O. D. Baldwin, a prominent real estate dealer, that he will head a subscription list with \$5,000, and will guarantee to raise \$500,000 toward a subsidy to any bona fide competing transcontinental railroad that will come into San Francisco.

## Sierraville Fire.

Special to the JOURNAL.

TRUCKEE, Cal., April 28.—Part of Sierraville was burned last night. The fire broke out in a saloon kept by L. Lavine, at about 11.30 o'clock. Levy's store, Lavine's saloon, Johnson's barber shop and residence and Dolly's warehouse were burned. The total loss is \$22,000, of which Laz. Levy lost \$20,000.

## Committed While Insane.

Special to the JOURNAL.

SAN FRANCISCO, April 28.—The Coroner's Jury decided to-day that Michael Lane who brutally assaulted his wife last Thursday and then shot himself, committed the deed while insane. Mrs. Lane still lives and may recover although she has three bullet wounds in the head and the frontal bone was fractured by a blow from a hammer.

## Wanted for Murder.

Special to the JOURNAL.

PORTLAND, April 28.—Chief of Police Parrish to-day arrested Wm. E. Johnson, a colored slave at the Hotel Portland, on a telegram from the Superintendent of the Ohio police, stating that Johnson was wanted there on a charge of complicity in the murder of Mrs. Bingham alias Mrs. Jennie McGarvey, March 16th last.

## Hard on the Mormons.

Special to the JOURNAL.

WASHINGTON, April 28.—The House Committee on Territories, to-day authorized a favorable report on the bill enlarging the scope of the Edmunds-Tucker Anti-Polygamy Act by disfranchising adherents to the Mormon faith who refuse to take the prescribed oath.

## The Probable Results.

Special to the JOURNAL.

CARSON, April 28.—Silver quotations rising have caused small mining claims to be operated. Should silver quote to 115, the Comstock and surrounding deposits will probably boom.

## Spotted Fever in Tennessee

Special to the JOURNAL.

FOUNTAIN HEAD, TENN., April 28.—Spotted fever has again broken out in the Pleasant Hill neighborhood. During the past week there have been eleven cases and ten of the number proved fatal.

## A Curious Bequest.

Special to the JOURNAL.

NEW YORK, April 28.—The will of Francis G. Cunningham, a nephew of D. O. Mills, who died at Nice on March 24th, has been filed for probate. It contains a rather curious bequest. It provides for a trust of \$360,000 for the benefit of Gabriello Francois Fillipini of Paris, with various directions as to how it is to be paid.

Mlle. Fillipini's mother is also a beneficiary by the will. The mother is to have \$4,000 a year for the maintenance of her child until the latter is 18, \$6,000 from 18 to 21, \$9,000 after 21.

One-fifth of the residuary estate goes to the oldest son of the late William Cunningham and the remainder is divided equally between several nieces and nephews, among whom are Ogden Mills and Mrs. Whitelaw Reid. None of the heirs know Gabriello, but there will be no contest. The girl is authorized to assume the name of Cunningham. The estate amounts to about \$1,000,000.

## A Double Tragedy at Fresno.

Special to the JOURNAL.

FRESNO, Cal., April 28.—August Koenig, a farm hand on the Davis ranch, near Firebaugh, shot and killed another hand named Henry Berger yesterday. Koenig was on a spree and Berger had taken a pistol away from him. He then secured a shot gun and killed Berger and afterwards left the ranch. He was pursued by a posse and shot down, the ball lodging at the base of the brain. The wound is believed to be fatal. He was brought here to-day and placed in the jail hospital.

## NEW TO-DAY.

## JEWELS AND LACES.

"Oh, girl with the jewelled fingers,  
Oh, girl with the laces rare?"

What are your jewels and what are your laces worth to you if you are undergoing the trying ordeal which fashionable society imposes on its devotees, enough to test the physical strength and endurance of the most robust, you break down, lose your health and become a physical wreck, as thousands do from such cause? Under such circumstances you would willingly give all your jewels and all your laces to regain lost health. This you can do if you will but resort to the use of that great restorative known as Dr. Pierce's Favorite Prescription. Thousands of grateful women bless the day it was made known to them.

For all derangements, irregularities and weaknesses peculiar to women, it is the only remedy, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

An invigorating tonic, it imparts strength to the whole system. For feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon.

## Dr. Pierce's Pellets

## BREVITIES.

The Truckee Republican is offered for sale.

Attorney General Alexander was in town yesterday.

The warm weather has brought out the straw hats.

Geo. Krog is closing out his business and is offering some bargains in his wares.

Jim Stanaway left last evening to act as weighing clerk between San Francisco and Ogden.

A Norman stallion and a work horse will be auctioned off by O. W. Borton next Saturday.

Assessments of 30 and 25 cents per share were levied yesterday on Gould & Curry and Occidental Co., respectively.

Deacon Gibson has filed his bond as Superintendent of the Indian school, and will assume control as soon as the building is completed.

The spiritualist meetings at the Opera House are attracting a good deal of attention, and those who attend say it is all very smoothly done.

The Humboldt, which was at a standstill for a few days, is rising again. The water stood at the 9-foot mark at the bridge gauge Saturday morning.

There will be an important meeting of the O. M. Mitchell Relief Corps to-morrow afternoon, at 2.30 o'clock. Members should read the official notices elsewhere.

A team hitched to a hay wagon took fright yesterday afternoon at the switch engine and ran as far as the Odd Fellows' cemetery without doing any material damage.

The large amount of water in the river will have a tendency to remove all the old drift wood, sawdust and other debris that has accumulated for the past few years. It will also aid the fish in getting up the river to their spawning beds.

Residents of Truckee and Tahoe City are opening the road between those two points. The snow is still very deep in places along the route, but the road is expected to be open for travel by May 10. The hotels at the various resorts on the shore of Lake Tahoe will open for the tourist season about June 1.

One of the strange features of the recent epidemic of the "grip" is now said to be its effect upon insane patients. In a number of such cases the insanity of the person disappears with the subsidence of the influenza. There may be, probably is, a good reason for this result. The grip in nearly all cases affected the brain, and the fever resulting may have had the direct tendency to destroy conditions out of which insanity grew.

## Native Sons of the Golden West.

A petition to the Grand Parlor of Native Sons of the Golden West, which opened in Chico yesterday, will be presented from the Native Sons residing in this State for the privilege of instituting Parlor in Nevada under the grand jurisdiction of California. This favor should be granted to the natives of California who are residents of Nevada, as they are all very proud of their birthplace and anxious to be recognized as such. If the permission is granted several Parlor will soon be instituted in Nevada that will be a credit to the order in California. Reno would organize a Parlor at once with a good membership.

## The High School Senior Class, of Virginia, Visit Reno.

Yesterday morning at 8:30 o'clock Principal Bray, with the pupils of the High School Senior Class, eleven of whom were young ladies, came over the Geiger grade wagon road to Reno in a dashing four-hand turnout. The party visited the State University, Asylum for the Insane, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy and Powning's Addition, and after spending a very pleasant day generally away from the shady side of Mt. Davidson returned home last evening.

## Mrs. Stanford's Liberality.

In leaving Sacramento last Friday night Mrs. Stanford testified to her warm feeling for her old home by leaving in the hands of Mayor Comstock the sum of \$1,000, to be distributed among worthy charities as a souvenir of her visit. The Mayor has distributed part of it, so that it shall be paid for the education of poor children. Certainly no better direction could have been given to it—none more in harmony with the wishes of the donor.

## Decoration Day.

At a meeting of the Committee of Arrangements for Memorial Day, of O. M. Mitchell Post G. A. R. the following citizens were elected to act with them to arrange the exercises: W. O. H. Martin, C. T. Bender, C. C. Powning, H. P. Kraus and T. K. Hymsers.

A meeting of the committee is called for Wednesday, at 3 p. m., at Nasby's Bazaar. The members will please take notice.

## Raising of the Flag.

The flag of our country was hoisted for the first time over the Central School Building of Carson yesterday. All the school children were out in force and sang patriotic songs. The Carson Brass Band played some favorite airs, and remarks appropriate to the occasion were made by Chief Justice Hawley. Reno should see that the American flag is unfurled over her public schools.

## AT THE OVERMAN.

It is Now the Center of Attraction—Fine Bullion—A Big Gold Percentage.

The Enterprise says for several months past Overman has been rumored on the street as being a good stock to buy. This matter has been common property—town talk—for months, and if speculators who intended to buy a few shares did not do so, they have only themselves to kick.

Overman has 115,200 shares, the par value of which was \$100 a share, the capital stock being \$11,520,000. It has levied assessments to date to the tune of \$3,705,680, and has no dividends to its credit. The great bulk of this money was levied during the flush days, when ore was worth \$70 a ton was not as good as \$40 rock is now, and when work was carried on in a most extravagant manner, the only object of the mining managements being to "work" the stock.

Now, with good, square, intelligent and energetic management, the Overman is in a fair way of being placed on a dividend-paying basis.

Superintendent Lackey yesterday informed an Enterprise reporter that he had started an incline winze on the 1500 level. It is started in the north drift which was run from the northeast drift. Yesterday morning the winze was down 9 feet and in good ore. The showing in this winze in all probability was the cause of the sharp advance in the stock yesterday.

On the 23d the Overman shipped a bar of bullion—92 fine—valued at \$8,599 43, the percentage of gold in which was about two-thirds.

## A Fine Lake Season.

Although the lake season this year will be short, says the Carson Appeal, those who visit it will see the beauties of that locality at their best. The masses of snow will not leave the upper mountains until late in the fall, and some of the ravines will carry the snow over the season. The streams which draw their water from this tremendous supply will be a mass of roaring, tumbling torrents, piled with spray all summer, and teeming with trout and a delight to the nature-loving tourist. The mountains, the streams and the woods will be more beautiful this season than during the past 40 years. The pines irrigated from the exhaustless supply of water will be greener than ever and the cascades to the mountains will be all through the season a grand rush of froth and foam, white as driven snow and looking as lovely as a mass of crumpled lace around the throat of a Nevada belle. Before long it will be time for the Bay doom sealer and everybody else to flee to the mountains and stay there. This, of all seasons, will be the loveliest witnessed on the coast for many a year, and the rush of travel promises to be something never known there before.

## How Does It Happen?

How did it happen that the river was higher yesterday than at any time this season, if the committee who went to Tahoe had succeeded in having the gates at Tahoe City closed? The following from the Truckee Republican, of Saturday night, may throw some light on the matter:

Every day this week the Truckee river has been "flooded" for the purpose of floating down logs to the sawmill of the Truckee Lumber Co. The first two days the logs came down in large numbers, but since only a few have reached the mill. As soon as the snow is off a force of men and teams will be put on and a clean drive made. The week's work has resulted in bringing down about a million and a half feet of sawlogs, which will be enough to supply the mill for a month. The mill is now being put in shape for work and will start up next week.

The Pioche Consolidated and Yuba Mining Companies paid out \$30,000 in Pioche last Monday week.

## WHAT ON EARTH

Is the reason people will not, can not or do not see any difference in cheap nostrums put up by cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEECH'S BLOOD PURIFIER AND BLOOD MAKER, and every bottle that does not do its work will cost you nothing.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 25 cent. Feb. 21-cent.

## Roll of Honor.

The following is the roll of honor at the School for Girls for the month ending April 23, 1890: Academic Department—Oline Johnson, 97.55; Ruth Russell, 97.5; Mary Lucas, 97.35; Maggie Mayberry, 97.35; Iva Rowland, 97. Roll of Merit—Eunice Hunt, Louisa Lucas, Mabel Godfrey, Ivy Evans, Helena Dawson, Annie Martin, Gertrude Hillman, Louise Evans, Lillian Godfrey. Roll of Honor in Music—Iva Rowland, Oline Johnson, Mary Ryle, Gertrude Hillman, Nellie Ashby.

In every department the school is doing thorough and efficient work.

JULIA MCGUIRE, Principal.

On May 16th, at the Carson Opera House, the Carson Dramatic Club, assisted by Mr. Paul Davis, who formerly supported Modjeska, and who is now traveling with the Julia Marlowe company, will present the comedy drama "The Chimney Corner" and the farce "The Living Statue."

## MISCELLANEOUS.

## WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces morbid lumps or swellings, which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

## How Can IT BE CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often makes itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula soreneck from the time she was 23 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. GARLICK, Naughton, N. J. N. B. ## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

### THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

## RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

## RENO!

Has 5,000 Population and is Growing Rapidly.

The Loveliest Town!

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

## RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

## RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
